I. Preamble

This red flag report (the “**Report**”) sets out the findings of the legal due diligence of certain legal aspects (the “**Due Diligence**”) of Luchy Playa Blanca, S.L. (“**Luchy**” or the “**Company**”) in connection with the potential financing to be made available by a lender (the “**Lender**”) in favor of the Company with the following purposes: (i) to finance the acquisition of the Luchy’s hotel located on Janubio Street, 3 (Yaiza, Lanzarote) (the “**Hotel**”), and / or (ii) to refinance Luchy’s existing debt within the framework of the insolvency proceeding in which Luchy is involved (the “**Transaction**”). Cuatrecasas has performed the Due Diligence and drafted the Report according to the scope defined and the information provided by the Company.

In line with the instructions, the Report aims to provide an executive summary of certain key legal findings from our very limited review of the Company. This summary is what we subjectively consider to be in the Company’s interest in terms of the Transaction. It is not a legal opinion and is not, and must not be regarded as, an exhaustive report on the Company’s legal situation or a substitute for specific legal advice on the matters covered.

The Report has been prepared solely for the Company in connection with the Transaction and may not be used for any other purpose. It should not be construed as an invitation or inducement to any person to engage in investment activity. The Report may not be fully or partially disclosed, reproduced or quoted, or used by or relied on by any person or entity other than the Company. No person or entity other than the Company, and those to whom Cuatrecasas has given prior written authorization, may rely on its content, base claims on it against Cuatrecasas or third parties, or use it for any other purpose.

In preparing the Report, except where indicated, we have relied solely on the information the Company gave us (the “**Information**”).

On April 26, 2018 we obtained Land Registry excerpts of the registry plots in which the Hotel is divided, issued by the Land Registry of Tias (the “**Land Registry Information**”). Due to time constraints on completing the Due Diligence and in view of the assumptions set out below, we have not requested any certification (“*certificación*”) or other confirmation regarding the Information from the Land Registry. The information set out in the on-line excerpt (“*nota simple on-line*”) issued by the Land Registry is strictly for informative purposes and (unlike the certificates they issue) do not provide ultimate, reliable proof of the content of entries or of the other documents on file with the Land Registry.

The Report supersedes earlier reports or written or oral information that Cuatrecasas prepared for the Company involving the examination and assessment of the Company.

The risks associated to the issues detected through the Due Diligence Process are quantified hereto according to the panel of colors indicated below:

II. Red Flags

1. REAL ESTATE

The Hotel corresponds with a complex horizontally divided, which is composed by the registry plots 8,497 to 8,758 –this is, 262 registry plots- of the municipality of Yaiza (Lanzarote), registered with the Land Registry of Tias. The Company is owner of 190 of the 262 registry plots that make up the Hotel, identified in Schedule III.1.A of this Report, (the “**Luchy Plots**”), while the remaining 71 registry plots belong to the third parties identified in the Schedule III.1.B. Notwithstanding the above, the by-laws (the “**By-laws**”) of the community of owners of the Hotel (the “**Community of Owners**”) and the Canary regulations foresee that the Hotel is intended to its tourist operation as a single unit. In fact, in accordance with article 30 of Law 2/2013 of May 29, on the Renewal and Modernization of the Tourism in the Canary Islands (“*Ley 2/2013, de 29 de mayo, de Renovación y Modernización Turística de Canarias*”), the commercial use of hotels under condominium (as it is the case of the Hotel) must be carried out in a unified way, not being allowed to give a residential use to the properties that integrate the complex. In this sense, article 6 of the Bylaws states that the “primary purpose” of the Hotel is the “tourism leasing or exploitation”, which is why “it will be destined for that purpose as a single unit”.

According to the Information provided, since April 2008, there have been a series of events that have blocked the management and tourist operation of the Hotel, due to a minority of owners, led by the owner Ms. Asunción Aizpurúa, that decided to (i) unilaterally withdraw from the operation regime of the Hotel foreseen in the By-laws, which is based on the principle of unitary operation, and (ii) use their properties privately (including, but not limited to, private tourist exploitation).

To date, the Company has not been able to put an end to this blockade situation satisfactorily because it is deprived of its right to vote in the meetings of the Community of Owners. In turn, said deprivation derives from the condition of presumed debtor that the Company holds vis-à-vis the Community of Owners (amounting, in the Community of Owners’ understanding, to € 973,569). In this sense, in accordance with article 15.2 of Law 49/1960, July 21, of Horizontal Property (“*Ley 49/1960, de 21 de julio, de Propiedad Horizontal*”), the owner who, at the time of the beginning of the meeting of owners, is not up to date in the payment of the community’s debts, cannot vote, except if the owner has challenged or consigned said debts judicially. The alleged debt of the Company (whose reality and amount are being discussed in the insolvency proceeding)¹ was approved at the general meeting of the Community of Owners held last June 12, 2017. Since The Company was already involved in

¹ **Cuatrecasas**: The Company understands that it does not owe any amount to the Community of Owners since it has fully covered the expenses derived from the operation and maintenance of the Hotel since 2008. In the alternative, should any debt exist, the Company denies that it amounts to € 973,569. In accordance with the Judgment issued in Ordinary Proceedings 268/2016 (instituted by certain co-owners against the Community of Owners), the community fee was reduced to 22.26 €/month with retroactive effects

said insolvency proceeding, it has not been able to challenge or consign the debt.

In any case, as soon as it comes out of the insolvency, the Company will institute the corresponding judicial procedure against the 37 dissident owners, requesting the Court (i) to declare their obligation to consent the unitary operation of the Hotel; (ii) to condemn them to comply with said declaration; and (iii) to order the assignment of the operation of the Hotel to a management company for it to develop the tourist activity in the terms provided in the By-laws and Canary regulations. For further information regarding the lack of operating unit of the Hotel, please refer to section III.2 of the Report.

Additionally, please note that, in order to operate the Hotel as a business unit, it would be necessary to obtain the consent of all of the co-owners of the registry plots of the Hotel and enter into in a management agreement with an operating company for a period of not less than ten (10) years².

The Company is the legal and registered owner of the Luchy Plots. It acquired the Luchy Plots through the sale and purchase public deeds granted on June 17, 2008, before the Notary of Las Palmas de Gran Canaria, Mr. Manuel Emilio Romero Fernández, under numbers 1,250 to 1,278 of his official records (the “**Ownership Titles**”).

As per the Land Registry Information, the declaration of the Company voluntary insolvency has been recorded on all Luchy Plots; additionally, Luchy Plots are encumbered with the following liens and encumbrances:

- (i) Registry plots number 8,537 to 8,540, 8,542, 8,544, 8,545, 8,547, 8,549 to 8,556, 8,558, 8,559, 8,561 to 8,563, 8,565 to 8,577, 8,579, 8,580, 8,593, 8,600 to 8,602. 8,604 to 8,615, 8,617 to 8,641, 8,656 to 8,698, 8,703, 8,711, 8,719 to 8,748 and 8,751 to 8,757: first ranking mortgage in favor of Construcciones Acosta Matos, S.A., being the total guaranteed mortgage liability of each of the registry plots of € 49,607.89. The mortgage was constituted by means of the public deed granted on June 17, 2008 before the Notary of Las Palmas de Gran Canaria, Mr. Manuel Emilio Romero Fernández, under number 1,280 of his official records.
- (ii) Registry plots number 8,537 to 8,540, 8,542, 8,544, 8,545, 8,547, 8,549 to 8,556, 8,558, 8,559, 8,561 to 8,563, 8,565 to 8,577, 8,579, 8,580, 8,593, 8,600 to 8,602. 8,604 to 8,615, 8,617 to 8,641, 8,656 to 8,698, 8,703, 8,711, 8,719 to 8,748 and 8,751 to 8,757: second ranking mortgage in favor of Construcciones Acosta Matos, S.A., being the total guaranteed mortgage liability of of each of the registry plots of € 5,279.50. The mortgage was constituted by means of the public deed granted on May 27, 2010 before the Notary of Arrecife, Mr. Pedro Eugenio Botella Torres, under number 1,379 of his official records.

from May 28, 2009. The application of said reduction to the community fee of the Company would result in a debt of approximately € 150,000; and not of € 973,569, as the Community of Owners contends applying the previous community quota of 171,81 €/month already left without effect.

² **Cuatrecasas**: Article 30 of Law 2/2013 of May 29, on the Renewal and Modernization of the Tourism in the Canary Island.

- (iii) Registry plots number 8,536, 8,653, 6,654, 8,537 to 8,580, 8,593, 8,600 to 8,641, 8,656 to 8,698, 8,703, 8,711, 8,719 to 8,757: *ob rem* link ("*vinculación ob rem*") by virtue of which the owner may only dispose of the linked properties jointly. This linkage will remain until the normal or early termination of the guaranteed loan referred to in section (i) above and, in any case, until 17 July 2014. Likewise, any of the encumbered registry plots may be freely transferred (freeing them from the linkage) if the seller previously cancels the mortgage that encumbers them or the purchaser is subrogated in the mortgage loan, with the consent of the Caja Insular de Ahorros de Canarias³.
- (iv) Registry plots number 8,515, 8,538, 8,561, 8,562, 8,563, 8,567, 8,568, 8,576, 8,698 and 8,728: preventive seizure note ("*anotación preventiva de embargo*") in favor of the Autonomous Community of Canarias, guaranteeing a total amount of € 30,288.26.
- (v) Registry plots number 8,536, 8,653 and 8,654: right of way ("*servidumbre de paso*") over registry plots 8,536 (which corresponds to the reception Hotel), 8,653 and 8,654 (which correspond to the solarium and swimming-pool of the Hotel) – the servant estate ("*predio sirviente*")- in favor of the registry plots 8,537 to 8,540, 8,542, 8,544, 8,545, 8,547, 8,549 to 8,556, 8,558, 8,559, 8,561 to 8,563, 8,565 to 8,580, 8,593, 8,600 to 8,615, 8,617 to 8,641, 8,656 to 8,698, 8,703, 8,711, 8,719 to 8,748 and 8,751 to 8,757 (which correspond to apartments of the Hotel) –dominant estate ("*predio dominante*")-. Please note that this easement is subject to the condition precedent that Caja Insular de Ahorros de Canarias acquires the ownership of any of the dominant estates. In view of the foregoing, the easement will be ineffective from the moment the mortgage loan⁴ is paid in full. To the extent that (i) none of the dominant estates has been acquired by Caja Insular de Ahorros de Canarias and the mortgage granted as guaranty was cancelled, it should be understood that this easement is not effective yet.
- (vi) Tax liens ("*afecciones fiscales*"), which establishes the subsidiary liability of the Luchy Plots for payment of certain taxes in case the self-assessment of the relevant tax made by the taxpayer is incorrect.

In accordance to the Land Registry Information, the Hotel has a surface area of 27,144 sq.m., while the surface area registered with the Cadastre amount to 25,878 sq.m. Therefore, the surface area of the Hotel is 4.66% higher in the Land Registry.

According to the Information provided, some apartments of the Hotel are occupied by clients who booked last year, but we have not been informed if the Luchy Plots

³ **Cuatrecasas**: This has been the case with registry plots that were originally encumbered with the linkage and were sold to third parties (e.g. registry plots 8,541 or 8,543).

⁴ **Cuatrecasas**: Mortgage loan deed granted on June 17, 2008 before the Notary of Las Palmas de Gran Canaria, Mr. Manuel Emilio Romero Fernández, under number 1,279 of his official records.

are free of occupants. However, please note that the acquisition of the Luchy Plots will take place free of clients, lessees, unlawful lessees and squatters. Additionally, we have been informed that no lease agreements nor use assignment agreements have been entered into in relation to the Hotel or part of it.

Regarding other contracts with third parties, we have not been provided with any suppliers/maintenance/services agreements⁵, but we have been informed that all of them (i) have been entered into by the current operating company managing the Hotel, (ii) are in force and (iii) the parties are up to date regarding their contractual obligations. Prior to the Transaction, it would be advisable to obtain a copy of these agreements. The potential purchaser should analyse these agreements and decide if it requests its termination or it wants all/some of them to be assumed by itself or a potential new operator, in which case the Company shall bear all costs that may arise from the early termination of these contracts, with full indemnity to the potential purchaser.

With regard to insurances, we have been provided with a copy of the civil liability insurance policy entered into by Matkator, S.L., as policyholder and insured, and SegurCaixa Adeslas, S.A. de Seguros y Reaseguros, as insurer, which will be in force until November 11, 2018. We have been expressly confirmed that there has been no claim in the last three (3) years regarding risks covering by such policy.

The potential purchaser should assess whether to subrogate in insurer position under the insurance policy taken out in relation to the Hotel or whether to terminate such policy. In the latter case, in order to avoid the subrogation and joint and several liability of the transferor and acquirer provided for in article 34 of Law 50/1980, of 8 October, on the Insurance Contract ("*Ley 50 /1990, de 8 de octubre, del Contrato de Seguro*"), we recommend that the potential purchaser and the policy holder sign a notice of termination of the insurance policy to the insurance company on the date of formalization of the Transaction; the Company must indemnify the potential purchaser against any costs that may arise from the early termination.

Our review of the Information and Land Registry Information has brought to light the following issues to be remarked:

⁵ **Cuatrecasas**: In this regard, we have been provided with many invoices (the last one dated on March 31, 2018) issued by Hermanos Tavio Santana, S.L. to the Community of Owners, in relation to waste and drinking water transport services.

#	Issue	Description of the issue/Quantification	Time/Suggested action
1.1.	Lack of registration of the touristic use linkage (“afección al uso turístico”) of the registry plots that make up the Hotel	According To Canary Regulations⁶, hotels in condominium regime whose tourist operation is done in an unified basis, before starting the commercialization of the hotel, it must be registered with the Land Registry, by means of marginal note in each one of the registry plots that make up the hotel, the linkage of such properties to the touristic use, that the touristic use cannot be modified without the unanimous decission of all the owners of the plots and provided that it is possible according to the planning regulation and, also, the conditions of the assignment of the use of the operator company of the Hotel. Failure to register within the Land Registry of the actual use of the properties to the touristic use, within the prescribed time limits, constitutes a minor infringement punishable by a fine up to € 1,500. According to the criteria stated by some property registrars, this sanction would be applicable to each of the registry plots on which the touristic use linkage has not been registered. Given that the Company owns 189 registry plots, the sanction could amount to up to € 283,500. But, taking also into account that the Hotels is formed by 220 rooms, it could be deemed that the sanction could amount up to € 330,000. The Hotel has been operating without the touristic use linkage registered in the Land Registry during the preceding years.	It would be neccesary that the touristic use linkage is registered with the Land Registry. Regarding the necessary majorities to modify the touristic use, the Company is currently in several proceedings with the minority owners, as stated below, regarding the payments of certain amounts presumably owned to the Community of Owners. The Company will deposit such amounts within the courts so they can give their vote in order to have the touristic use modified.

⁶ **Cuatrecasas**: Law 2/2013 of May 29, on the Renewal and Modernization of the Tourism in the Canary Islands, and Law 7/1995 of April 6, Tourism management of Canarias.

#	Issue	Description of the issue/Quantification	Time/Suggested action
1.2	Debts owed to the Community of Owners	As stated above, the Company owes to the Community of Owners an amount discussed as general expenses for the maintenance and support of the Hotel. In accordance to article 9.1.e) of Law 49/1960, July 21, of Horizontal Property, the credits in favor of the community of owners derived from the obligation to contribute to the support of the general expenses corresponding to the quotas of the current annuity and the three (3) previous years have a preferential status. The purchaser of a dwelling or premises under a horizontal property regime, even with a title registered in the Land Registry, is liable with the property itself acquired for the amounts owed to the community of owners for the support of general expenses by the previous owners up to the limit of those attributable to the due portion of the annuity in which the acquisition takes place and to the three (3) previous calendar years. The dwelling or premises will be legally affected to the fulfillment of this obligation.	The amounts owed to the Community of Owners should be paid. Please note that the debt to the Community of Owners has been recognised within the Company's insolvency proceedings. Thus, the amount of € 195,815 has been classified as a credit against the estate ("<i>crédito contra la masa</i>") and the amount of € 718,663.24 has been classified as a contingent ordinary credit ("<i>crédito ordinario contingente</i>"). Additionally, we have been provided with a expert report issued by Expert Witness

			Forensic & Compliance ⁷ on May 8, 2018, on the viability of debt in favor of the Community of Owners. According to this report, such debt makes absolutely no economic, accounting or other sense, and must be eliminated from the passive mass of the insolvency proceedings
1.3	Rules for adoption of resolutions within the Community of Owners	It should be noted that the Law 49/1960, July 21, of Horizontal Property requires a double majority system for the adoption of resolutions, so that the favorable vote is required not only of the majority of the participation quotas but also of the majority of the owners. Regarding the horizontal division of the Hotel, although the Company has a majority of the participation quotas, it does not have a majority of the votes of the owners.	N/A

#	Issue	Description of the issue/Quantification	Time/Suggested action
		For this purpose, it should be noted that the majorities required by the Law 49/1960, July 21, of Horizontal Property vary according to the agreement to be adopted, so that these may vary from one third (1/3) of the owners representing one third (1/3) of the participation shares (for example for the installation of common infrastructures for access to telecommunication services or for access to new collective energy supplies), up to three fifths (3/5) of the owners representing three fifths (3/5) of the participation shares (e.g. for agreements relating to innovations, new installations, services or improvements not required for the proper conservation, habitability, safety or accessibility of the building,) or unanimity (e.g. for the approval or modification of the rules contained in the constituent title or in the statutes of the owners' association).	
1.4	Existence of preventive seizure notes.	According to the Land Registry Information, the Luchy Plots identified above are encumbered with a preventive seizure note for an amount of € 32,288.26, which is in force, and a charges certification ("<i>certificación de cargas</i>") has been requested as part of an enforcement procedure.	The amounts owed to the Autonomous Community of Canarias should be paid and it should be requested the cancellation of the preventive seizure note registered with the Land Registry. Please note that this debt has not been recognised within the Company's insolvency proceedings.

#	Issue	Description of the issue/Quantification	Time/Suggested action
1.5	Lack of evidence of payment of the Real Estate Tax	We have not been provided with the the Real Estate Tax of Luchy Plots, corresponding to years 2014-2017. In accordance to the Spanish Law, in the event of transfer of the plots, they will be subject to the payment of the Real Estate Tax corresponding to the last four (4) fiscal years on a subsidiary basis.	The outstanding amounts of the Real Estate Tax should be paid.

2. TOWN PLANNING, ENVIRONMENTAL AND ADMINISTRATIVE

#	Issue	Description of the issue/Quantification	Time/Suggested action
2.1	Eventual occupation of areas destined by the urban planning to free spaces	The Report includes a general reference to surfaces in the Sector intended for free spaces in the Papagayo Partial Plan, recorded in the Land Registry with a public use, and subject to a private right of use for the development of sports and/or recreational infrastructures. We have been informed by the Company that the development of the activity does not affect any surface destined to free spaces by the urban planning.	We recommend confirming this through a technical analysis.
2.2	Existence of the Papagayo Urban Conservation Entity	An Urban Conservation Entity was constituted for the conservation of the enabling works. We have requested additional information relating to the quota of the Company in the referred Entity, but information is still pending.	We recommend holding a conversation with the municipal Technical Services to confirm this point.
2.3	Lack of information	According to the information provided, the Hotel holds the following permits: construction license granted by the City Council on April 2, 1987, license for the extension and renovation of the Hotel granted by the City Council on October 21, 1988, and tourism authorization granted by the Cabildo of Lanzarote ⁸ for the beginning of the activity. We have requested copies of the first occupancy license relating to the initial construction of the Hotel, so as information on any refurbishment, extension or renovation works carried out during the last four years.	A technical analysis should be performed in order to verify that the facilities are adapted to granted permits, and that no works have been executed in the last four years.

⁸ **Cuatrecasas**: Canary Islands local authority.

2.4 Breach of the principle of unity of exploitation

We have been informed that these licenses have not been identified. We have also been informed that no refurbishment, extension or renovation works have been carried out (except for redecoration, which does not need a license), and that the Hotel is adapted to the applicable urban planning. It should be borne in mind that, under the provisions of Act 4/2017, of July 13, on Protected Natural Spaces and Land in the Canary Islands, any infringements deriving from a lack of licenses, as serious infringements, would have prescribed two years after the completion of the works or, where applicable, their occupation. Furthermore, the action of the Administration to bring proceedings for re-establishing the town planning legality would have prescribed four years after the completion of the works (unless they were executed on rural land, in the public domain (including roads, free spaces or public green areas), or on catalogues or specially protected assets).

Article 38 of Act 7/1995, of April 6, on the Regulating of Tourism in the Canary Islands, states that tourist accommodation companies must perform their activity under the principle of the unity of exploitation. Unity of exploitation is taken as meaning one single company being responsible for the activity. According to our information, 23% of the owners do not develop the activity under the principle of the unity of exploitation. According to the provisions of Article 75 of Act 7/1995, any breach of the legal rules relating to the principle of the unity of exploitation is considered a very serious infringement, subject to fines from €30,001 to €300,000. In application of the principle of personal liability, the referred fines would be imposed to the developer of the activity. As ancillary penalties, the temporary suspension of the performance of the activity or definitive closure of the establishment could be

In any case, in our experience, it is unlikely that the ancillary measures of the ceasing of the activity might be imposed through application of the principle of proportionality and minimum administrative intervention. In this situation, the Administration would ask the interested party to adapt the situation.

actions to fulfill with this regulation.

3.4	Failure to comply with the presentation of the annual accounts	The annual accounts of the Company have not been admitted by the Insolvency Administrator and have not been submitted to the Trade Registry since the year 2011.	It is important to note that Article 282 and 283, respectively, of the Royal Legislative Decree 1/2010, of July 2, approving the consolidated text of the companies act (the "Spanish Companies Act "), foresees that in the event the board of directors fails to meet its

#	Issue	Description of the issue/Quantification	Time/Suggested action
			obligation to file the annual accounts within the established deadline, no company-related documents shall be registered while such obligation remains outstanding. Likewise, this failure shall also give rise to a fine imposed by the Spanish Institute of Accounting and Auditing for an amount ranging from EUR 1,200 to 60,000 ⁹ , further to preliminary proceedings conducted in accordance with the regulatory procedure established in the Act on Public Administration and Common Administrative Procedures.

⁹**Cuatrecasas**: Please, take into account the provision established under the second paragraph of Article 283 of the Companies Act “when the company, or as appropriate, the corporate group has an annual turnover exceeding EUR 6,000,000, the limit for the fine per each year of delay shall be increased to EUR 300,000”.

#	Issue	Description of the issue/Quantification	Time/Suggested action
3.5	Invalidity action of the Hedging Agreement and damages claim	We have been provided with a complaint submitted to the First Instance Court of Arrecife, on November 29, 2017, by which Luchy sues Bankia, S.A., and brings an action for the declaration of invalidity of the Hedging Agreement, alleging that the director of the Company when entering this agreement did not understood the financial risks involved within the Hedging Agreement. In this sense, the customer due diligence standards were not applied when entering in this financial agreement and therefore, the Company also claims EUR 405,000 plus any relevant interests for damages due to the alleged acts.

The result of this criminal proceeding could potentially affect the validity of the termination of Ordinary Proceeding 1241/2011.	Notwithstanding the foregoing, even if the settlement agreement becomes invalid as a result of criminal Preliminary Proceeding (“Diligencias Previas”) nº 2084/2016, considering that (i) the Hotel’s Community’s President has changed since the termination of Ordinary Proceeding 1241/2011; ¹⁰ and (ii) the result of the Ordinary Proceeding was favourable for the Defendant, it is unlikely that the Defendant or any other party try to invalidate the termination of Ordinary Proceeding 1241/2011.

¹⁰ According to property registry information (consulted on November 21, 2017), Antonio Cogolludo, the current President of the Community, is not owner of any of the plots conforming the Complejo Sun Park.

4.5 Criminal Proceeding	<u>Contingency</u>¹²: criminal procedure conducted before the Instruction Court nº 3 of Arrecife, Preliminary Proceedings 2084/2016. This procedure is based on the criminal complaint submitted by Mr. Gil Marer against Ms. Asunción Aizpurúa Sánchez and Mr. Francisco Matos Matas (President and Director of the owner's community, respectively) with regards the alleged crimes of procedural fraud, fraud, misrepresentation in private document, misappropriation, disloyal administration, defamation and false report. A large procedure is envisaged in order to prove that by the commission of the above-mentioned crimes, the defendants had the intention to commit fraud to aggravate the insolvency situation held by Luchy Playa Blanca, S.L., by creating a debt for the liabilities derived from the owner's community that is inexistent and exceeds the amount of EUR 600,000. If the commission of the crimes is determined, the fraudulent debt incurred by Luchy Playa Blanca, S.L., will disappear and it could take control of the owner's community after recovering its voting rights in the General Assembly of the owner's community in accordance with the Horizontal Property Act ("Ley de Propiedad Horizontal") as it will cease being a defaulting debtor. This issue is closely related to the fact that the operating company is the company which pays all the operating and services expenses of Complex Sun Park, so there are no expenses to be assumed by the owner's community.

(minority owners in the owner's community of Complex Sun Park) related to the Molina family, against Mr. Gil Marer and Mr. Raymond Edwards Thompson with regards the crimes of fraud and/or false report. - In view of the procedural times up to now and the limited proceedings adopted, the duration of the procedure will take a period from three to four years, provided that dismissal of proceeding has not been determined.

4.7 Criminal Proceeding	<u>Contingency</u>¹⁴: criminal procedure conducted before the Instruction Court nº 2 of Arrecife, Preliminary Proceedings 1132/2018. This procedure is based on the complaint recently brought by Mr. Gil Marer against Construcciones Acosta Matos, S.A. and Mr. José Daniel Acosta Matos alleging the crimes of constraints, usurpation and procedural fraud in relation to the acts committed in the Complex Sun Park. The alleged crimes are in relation to the frequent constraints and the documents provided within the insolvency procedure that derived in a risible economic valuation of the hotel complex. They are accused to have intentionally used certain impaired properties which do not belong to the insolvent company as a point of reference for the economic valuation. ○ -It is a rapid procedure as the parties and witness statements have been appointed to be on June 25, 2018, so the procedure is expected to take less than two years.

("Luchy"), (ii) designated Mr. Francisco de Borja Rodríguez-Batllori Laffitte as insolvency administrator and (iii) described the faculties of the insolvency administration.

Special privileged claims	9,052,251.69
General privileged claims	8,407.21

¹⁵ **Cuatrecasas**: See schedules 1 and 2 of the definite insolvency report (Insolvency Report), which contain the creditor's details.

Ordinary claims	1,054,651.00
Subordinated claims	10,142.10
TOTAL INSOL. LIAB.¹⁶	10,125,752.00

ADMINISTRATIVE EXPENSES¹⁷

Homeowners' association Sun Park	195,815
Tomás Ramírez Hernández	14,907.42
TOTAL ADM. EXPENSES	304,779.42

Modifications introduced to the Definite Insolvency report:

- Homeowners' association ("Comunidad de Propietarios"): By order of January 20, 2017, the Commercial Court nº 1 of Las Palmas recognized a standby credit (no specified amount) in favor of Comunidad de Propietarios SUN PARK. This credit (i) has been qualified as ordinary and (ii) refers to the association fees accrued up to the insolvency declaration date.
- Construcciones Acosta Matos S.A. ("CAM"): By order of February 8, 2018, the Commercial Court nº 1 of Las Palmas modified the definite insolvency report in order to recognize CAM as the holder of certain special privileged claims, namely:
 - Special privileged claim for an amount of 857,373.81 € (préstamo hipotecario N.º 2801).
 - Special privileged claim for an amount of 857,373.81 € (préstamo hipotecario N.º 2801).
 - Special privileged standby claim (no specified amount) referred to the costs of the foreclosure procedure.

¹⁶ **Cuatrecasas**: This amount differs from the information provided by AWESWELL in its e-mail dated November 22, 2017, which was the ground of the Executive report dated January 19, 2018.

¹⁷ **Cuatrecasas**: Also known as "créditos contra la masa".

On March 22, 2017, the Commercial Court nº 1 of Las Palmas initiated the composition phase of the proceedings ("fase de convenio"). Due to the absence of the quorum required for the constitution of the creditors meeting, the proposal filed by Luchy was not approved (note that Aweswell Ltd have assumed the duty to personal guarantee all the debts affected by the composition agreement). Consequently, on December 19, 2017, the Commercial Court initiated the liquidation phase of the proceedings ("fase de liquidación").

Within the liquidation phase, the Insolvency Administrator filed a proposal of the liquidation plan before the Court that was approved by ruling of April 16, 2018.¹⁸

Said liquidation plan is mainly based on an offer submitted by CAM that consists in the following:

- Properties burdened by a mortgage ("Apartamentos"):¹⁹ acquisition by means of a transfer in payment for a total amount of **7,065,384.42 €** plus a debt forgiveness for a total amount of **5,186,061.79 €**.
- Additionally, CONSTRUCCIONES ACOSTA MATOS, S.A. would assume (i) all the costs and taxes related to the acquisition, (ii) the Tax on increase in urban land value (IIVTNU) - as the case may be- and (iii) all the outstanding debts to the homeowners' association. Moreover, CONSTRUCCIONES ACOSTA MATOS, S.A. would request the termination of the foreclosure procedure no 90/2012.
- Free-of-charge properties ("locales" and "piscinas con solarium"): Direct acquisition for a total amount of **400.000 €**, which -as it is mentioned within said documents- would be enough to pay the administrative expenses and part of the insolvency liabilities.

¹⁸ **Cuatrecasas**: Nonetheless, LUCHY and AWESWELL have presented two requests for clarification in relation to the ruling approving the liquidation plan.

¹⁹ **Cuatrecasas**: CAM is the current holder of the mortgage credits (acquired through assignment on October 20, 2017).
